

International Conference: AMMCS-2013

In the Interdisciplinary AMMCS Conference Series

Invitation to attend and call for Special Sessions and Minisymposia at AMMCS-2013

- Plan to attend for scientific networking and interdisciplinary communication with your peers.
- Plan to attend for plenary and invited talks given by outstanding scientists and mathematicians.
- Plan to attend for many exciting special and contributed sessions.
- Abstract submission will be open in September 2012, stay tuned.

To submit a new session or a minisymposium, organizers should send an e-mail to ammcs2013@wlu.ca with the following information:

- The title of the minisymposium/session;
- The name(s) of the organizer(s);
- A brief description (up to 100 words).

While planning your minisymposium or a special session, please note that

- Minisymposia talks will be 30 minutes and will be arranged into 2 hour sessions of 4 talks each.
- Special sessions have usually 4 talks (30 minutes each).
- One registered participant has a limit of two talks at the meeting.

For special sessions' and minisymposia organizers registration fee is waved.
